

## **How can I do a placement in the McMaster catchment area?**

1. Are you a student attending another PT Program at a Canadian University?
  - Please discuss the process for requesting an out-of-catchment placement with the Academic Coordinator of Clinical Education (ACCE) of your program
  
2. Are you a student attending a PT Program outside of Canada?
  - All of the Academic Coordinators of Clinical Education (ACCE) in Canada have a process for international students to follow when requesting a placement within Canada
  - Please contact McMaster's ACCE, Bronwen Thomas ([bthomas@mcmaster.ca](mailto:bthomas@mcmaster.ca)) **at least** 6 months before the start of your placement to receive details of the requirements needed to request a placement in McMaster's catchment area
